

## 2025 Neo Soil Newsletter

# 1. Neo soil plants component improvement

## Contains booster ingredients

We've added a new Neo Booster Plants, Essence ingredients,  
so it's more than 50% faster, grows bigger and has better color development.

## Decreased incidence of bad algae

Bad algae rarely occur because we reduce the contents of phosphate  
and unnecessary organic matter.

We also added new ingredients that prevent bad algae.

## Strengthen weakly acidic PH maintenance

By adding new ingredients for PH down, PH remains lower and longer than existing products,  
maintaining the optimal PH for plant growth.

## Immediately transparent after setting

It is crystal clear the day after the setting  
because new water-clearing ingredients have been added.

## 2. New Neo soil no co2 “RICH” Launch

we have released an additional no co2 soil "RICH", which is another, different from the original version.  
It contains twice the co2 supply effect and twice the nutrients than original version.

Compared to the original product, the "RICH" version has better growth rate, color development, durability and duration.

The original is suitable for beginners and low-level consumers, and other higher levels can enjoy the "RICH" version.

## 3. Neo Soil Comparison Data

	No co2 soil	No co2 “Rich” soil	Neo soil plants 2025
Co2 components	50	100	10
Nutrition	50	100	130
Growth without Co2	Better	Best	Bad
For whom?	Beginner	Higher level	All user (with co2)
Color, growth speed	Good	Better	Best (with co2)
Effect duration	Good	Better	Best (with co2)
Bad algae occurrence	Lowest	Low	Low

## 4. New Neo soil no co2 set product

We are adding a Neo soil no co2 8 liter + Fluid 300ml set product.  
When you purchase a set product, we provide 300ml of Neo Fluid for 1usd.  
For your information, when ordering separately, it's normal price is 3usd.  
These set products will continue to be provided until further notice.

## 5. Change Neo Soil Package Design

We changed Neo Soil package as follows.  
Using photographs of real plants,  
we showed consumers the features of the product while maintaining  
Aquario's philosophy, "simple."

## 6. Promotions

To commemorate its launch,

we will supply Neo no co2 "RICH" at the same price as the original no co2 soil.

For your information, the normal price is about 10% higher for the former compared to the latter.

These promotions are only valid for a month.
