## Neo Solution Complex Launched

Neo Solution Complex is an all-in-one comprehensive herbicide that contains both key ingredients (such as nitrogen, potassium phosphate, magnesium, etc.) and trace elements (such as iron boron molybdenum calcium etc.)

It is also the best comprehensive liquid fertilizer that adds Neo booster ingredients to maximize the absorption of fertilizer ingredients to grow larger and promote the best color development.

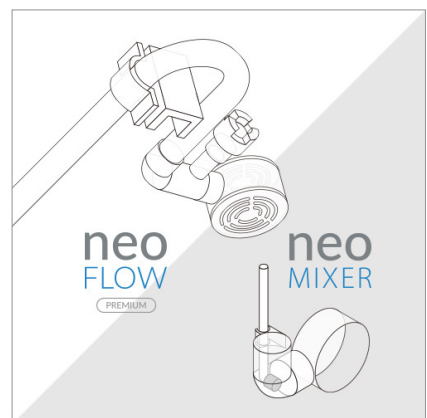

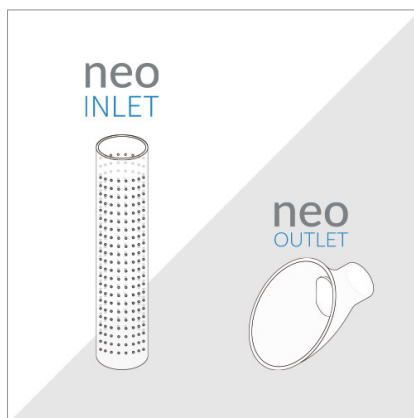

## Bulk & Set Products line-up Launched

For the price competitiveness and promotion of AQUARIO products, we would like to propose a diverse and large line-up to support our partners.

### 1. Set Products

In the case of Set Products below, the price was greatly reduced as a combination of the two products.

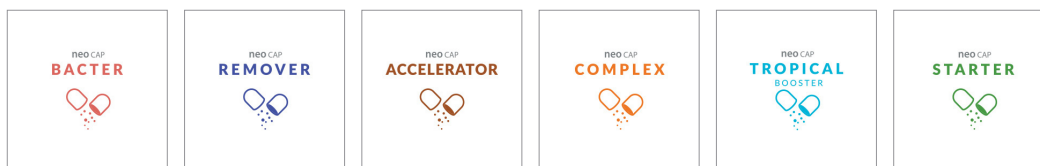

Neo soil NO CO2 + Neo FLUID  
 Neo soil Plants + Neo Solution complex  
 Neo CO2 + Neo Solution complex  
 Neo Media + Neo Cap  
 Neo Inlet + Neo Outlet  
 Neo Flow + Neo Mixer

## 2. Bulk Products

We supply the products below at a significantly discounted price in large bulk packaging.

### Neo Cap 6 types

### Neo Bag 3 types

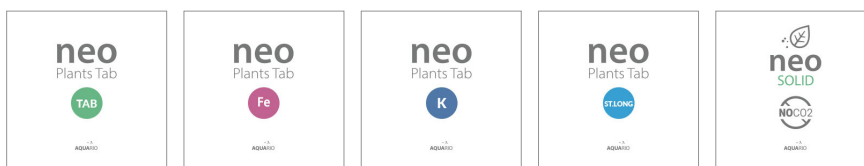

### Neo Water conditioner 10 types

### Neo Solution 5 types

### Neo Tab 5 types

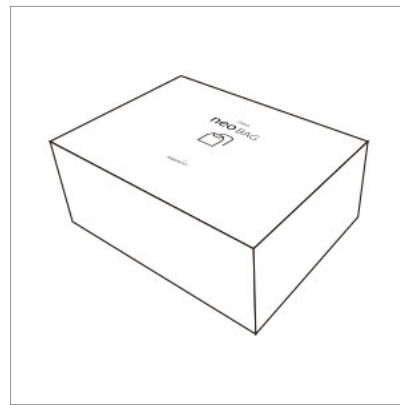

After you order an empty bottle separately, you can attach a sticker and pack the contents into small portions and sell them.

In this case, the quality of the product is the same, and you can carry out various promotions at a significantly lower product cost.

In particular, in the case of liquid products, the benefits are enormous beyond imagination if they are sold in small portions of 300ml.

We are confident that our support will be of great help in competition with other companies' products.

Please refer to the price list in the attached file for details such as price and capacity  
If you can't see it, please check the Excel file located at the bottom of this mail.
